WORK EXPERIENCE

Software Developer

BIG CABAL MEDIA / SEPT 2020 – PRESENT

1. Developed the new TechCabal platform, which helped reduce bounce rate by 18% and increase user engagement.
2. Developed the content management system for Zikoko Memes, which is Africa's biggest source for local memes.

TOOLS

HTML5, CSS (SCSS), JavaScript, React.js, PHP, NGINX, and WordPress.

Software Developer

NOTJUSTOK INC / FEB 2018 – AUGUST 2020

1. Redeveloped Mino Music. Mino is a music streaming app that allows you to enjoy endless African music.
2. Redesigned and developed Notjustok, Africa's premiere Music blog.
3. Designed & developed Entiar, which is a platform that helps upcoming music artists publicise their content and get on popular Spotify playlists.

TOOLS

HTML5, CSS (SCSS), JavaScript, jQuery, React.js, PHP, and WordPress.

Full-stack Web Developer

VENTRA MEDIA GROUP / SEPT 2016 – JAN 2018

1. Worked exclusively to develop the Guardian Nigeria platform as well as Guardian TV.

TOOLS

HTML5, CSS (SCSS), JavaScript, jQuery, PHP, and WordPress CMS.

Front-end Developer

CKDIGITAL / FEB 2015 – AUGUST 2016

1. I worked on redeveloping the agency's main website and integrating it with WordPress CMS.
2. I worked on building website UIs, interactions and integrating them with WordPress to allow clients update their content from time to time.

TOOLS

HTML5, CSS (SCSS), JavaScript, jQuery, PHP, and WordPress CMS.
